

# **Chester County Workforce Development Area (WDA) Workforce Highlights**

**Center for Workforce Information & Analysis  
May 2018**

# Who is CWIA?

CWIA (Center for Workforce Information & Analysis) is a bureau within L&I that produces workforce and economic statistics and analysis.

## **CWIA's key roles:**

- Provide labor market information (LMI) products & services to wide range of customers
- Measure and report on PA's labor force (employed and unemployed), employers, industries, occupations, wages, and skills through various products & services
- Calculate performance and outcome metrics for workforce program participants
- Perform data analysis and reporting on Unemployment Compensation program activities

And best of all, most CWIA services are... **FREE!!!**

# Industry versus Occupation

- Much of CWIA's data is assigned by:
  - **Industry** or
  - **Occupation**
  
- While these terms are often used interchangeably, they are in fact very different when it comes to data.
  - **Industry** refers to the type of business or organization where an individual works
  - **Occupation** refers to the job duties that an individual actually performs at their place of work
  
- An industry has workers in various occupations while a single occupation can be found in many different industries.

Example:

  - **Industry** – Hospital or Residential Construction
  - **Occupation** – Registered Nurse or Carpenter
