VALENTINO F. DIGIORGIO, III
Controller

March 7, 2007

Office of the Register of Wills/Clerk of Orphans' Court
Chester County Courthouse
West Chester, PA 19380

Internal Audit has audited the accounts of the *Office of the Register of Wills/Clerk of Orphans' Court (Register)* as of December 31, 2006, and has compiled the attached Statement of Assets and Liabilities and the related Statements of Cash Receipts, Disbursements, and Cash Balances for the year then ended. It is Internal Audit's responsibility to annually audit the accounts of any office receiving money for the use of the Commonwealth of Pennsylvania and to report the results of such audits to the Chester County Commissioners and the Chester County Court of Common Pleas. It is management's responsibility to maintain, update, and reconcile these accounts on a continuous basis.

Our audit was conducted in accordance with generally accepted auditing standards and the Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit in a manner that will provide *reasonable assurance* that the accounts are free of material misstatement and that amounts are properly supported and approved.

As described in Note 1, the accompanying financial statements are prepared on the cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Accordingly, the statements referred to above are not intended to present the financial position and results of operations of the *Register* in conformity with generally accepted accounting principles.

In our opinion, the accounts of the *Register* are stated fairly as of December 31, 2006. Consequently, the corresponding financial statements prepared by Internal Audit present fairly, in all material respects, the assets and liabilities of the *Register* as of December 31, 2006, and the cash receipts, disbursements, and cash balances for the year then ended.

In accordance with Government Auditing Standards, Internal Audit has also issued a report dated March 7, 2007, on our evaluation of the *Register's* internal control over financial reporting and on our tests of compliance with certain provisions of laws, regulations, policies and/or procedures. That report is an integral part of an audit performed in accordance with Government Auditing Standards and is to be read in conjunction with this report in considering the results of our audit.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2006

Note 1 - Summary of Significant Accounting Policies

Background and Reporting Entity

The *Register* acts as a conduit for the Commonwealth of Pennsylvania, the County of Chester, related political subdivisions, and the citizens it serves. Consequently, the *Register's* cash balance at any point in time represents undisbursed funds to one (or all) of these parties. For financial statement purposes, these undisbursed funds are included as a liability of the *Register*.

The actual operating expenses of the *Register* are paid by the County of Chester. These costs include the salary and wages of office employees, fringe benefits, postage, telephone, office supplies, computer/LAN use, and furniture and equipment. These costs are not included in the audited Statements of Cash Receipts, Disbursements, and Cash Balances.

Basis of Accounting

The books and records of the *Register* are maintained on the cash basis of accounting. Consequently, receipts are recognized when received rather than when assessed or otherwise due, and disbursements are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying statements do not present the assets, liabilities, receipts, disbursements, and cash balances in accordance with generally accepted accounting principles.

Inheritance Tax

The Commonwealth of Pennsylvania requires the *Register* to collect inheritance taxes on its behalf. The Commonwealth has set up a local bank account in which these monies are to be deposited daily. The bank account is controlled by the Commonwealth. The *Register* does not have withdrawal or check writing authority and does not receive bank statements. Consequently, the taxes collected are not presented in the accompanying Statements of Cash Receipts, Disbursements, and Cash Balances pursuant to generally accepted accounting principles applicable to agency funds.

Note 2 - Legal Matters

Our audit disclosed no pending litigation involving the *Register* or its Register of Wills/Clerk of Orphans' Court (Paula Gowen) for the year ended December 31, 2006.

Report on Internal Controls

In accordance with Government Auditing Standards, the scope of our audit included an examination and evaluation of the adequacy and effectiveness of the *Register's* system of internal control and the quality of performance of the *Register* in carrying out assigned responsibilities. The primary objectives of internal controls include the following:

- Compliance with policies, procedures, laws, and regulations
- Accomplishment of goals
- Reliability and integrity of information
- Economical and efficient use of resources
- Safeguarding of assets.

In addition, generally accepted auditing standards (GAAS) require that auditors obtain an understanding of the internal control process and assess control risk in financial statement audits. For a financial statement audit, internal control is defined as a process which is designed to provide reasonable assurance that objectives regarding the reliability of financial reporting, the effectiveness and efficiency of operations, and the compliance with applicable laws and regulations are achieved. The internal control process consists of five components. They are the *control environment*, *risk assessment*, *information and communication*, *monitoring*, and *control activities*.

The *control environment* sets the tone of the organization and is the foundation for all other components of internal control. The collective effect of various important factors defines the *control environment*, which in turn establishes, enhances, or mitigates the effectiveness of policies and procedures. These important factors include the entity's organizational structure and methods of assigning authority and responsibility.

The *risk assessment* is the entity's identification and analysis of relevant risks to the achievement of its objectives, and forms a basis for determining how the risks should be managed.

Information and communication are the identification, capture, and exchange of information in a form and time frame that enables people to carry out their responsibilities.

Monitoring is a process that assesses the quality of internal control performance over time.

Report on Compliance and on Internal Controls Over Financial Reporting

Control activities are the policies and procedures that help ensure management directives are carried out. These policies and procedures may be classified as:

- Authorization
- Segregation of duties
- Documentation
- Physical safeguards
- Independent checks and balances.

Our audit disclosed no significant weaknesses that, in our opinion, pose a significant risk to the *Register* or the County of Chester. Additionally, our observations and testing revealed no audit findings in any of the areas tested.

This report is intended for the information of the Chester County Commissioners and the Chester County Court of Common Pleas. This report is, however, a matter of public record and its distribution is not limited.
