

## EVERYONE SHOULD...

Stay home as much as possible, others who live in your home should stay home too

Wear a mask or face cover

- At work
- In public

Wash hands often

- Use soap and water
- For 20 seconds

Clean home and items often

Only leave home for:

- Food
- Medication
- House needs

No large gatherings  
No family parties

Kids and teens should not

- hang out in groups
- play group sports

Do not touch face

## + IF YOU TEST POSITIVE +

- Tell your family, friends, coworkers you are sick

- Wear mask at home

- If feel worse, call a doctor or call 911

Stay home until you are better

3 DAYS NO FEVER with  
NO MEDICATION

AND

AND

10 DAYS SINCE YOU  
STARTED FEELING SICK

## - IF YOU TEST NEGATIVE -

- If you had a known exposure, continue to quarantine for 14 days after exposure
- If you did not have a known exposure AND have no symptoms, you can end your quarantine
- If you did not have an exposure AND have symptoms, you may have another illness. Stay home until 3 days have passed without symptoms.
